

FEEDING WILDLIFE:

It's hard to resist feeding the wildlife but please don't – for their health and your safety.

THEIR HEALTH

- The native animals who live here, including birds, squirrels, raccoons, and other wildlife, need nature's diet to be healthy.
- Human food is "junk food" for wildlife. Well-intentioned handouts may cause disease, injury, and even death for the animals.
- Providing unnatural food encourages wildlife to congregate in large numbers, leading to territorial fighting, attacks by predators, and being hit by cars.
- Animals you feed today may be killed as "pests" tomorrow. Don't harm wildlife with your kindness...help them remain healthy, safe, and free.

YOUR SAFETY

- Native animals who eat human food...
 - May bite, scratch or threaten other visitors.
 - May come into conflict with your pets.
 - May spread disease.

FED WILDLIFE IS DEAD WILDLIFE. IF YOU CARE, DON'T FEED!

Feeding wildlife is illegal. San Francisco Park Code Sec. 5.07.(b)
Report wildlife feeding to SF Animal Care & Control, 415.554.9400

Please don't feed any wildlife including birds from your balcony. Feeding animals in the winter encourages them to come to your property as a haven. After eating the food you provide, some animals may decide to come inside and establish their nests or dens. This could eventually lead to health problems, damage to your property and an uncomfortable home environment. It could also put the animals you feed in danger.

If you genuinely want to do something to help wildlife animals in the winter, instead of feeding them on your property the ideal move would be to improve their habitat.

COVID-19 UPDATES

Reducing gathering limits for indoor gatherings to 10 and outdoor gatherings to 25.

Reducing the capacity for indoor activities to 50%

These restrictions will come into effect on 12:01 am on Sunday, December 19, 2021.

Face coverings in indoor public settings and physical distancing requirements remain in place.

For more information, call 24/7 at 519-741-2345.

Winter is approaching. It's time to think about preparing for snow.

When there is significant snowfall please be mindful that you will be required to move your car in order for the parking lot to be cleared.

Balconies are beautiful so let's keep them that way. Please do not store any items on your balcony including but not limited to tires, bikes, Christmas decorations, furniture to name just a few.

Air Conditioning Units

Please double check that all the air conditioning units are out of the windows of your building. Thank you in advance for helping us keep our buildings and tenants safe and sound.

Christmas Trees –

Please be reminded that only artificial Christmas trees are allowed in your unit.

Decorating for Christmas?

Enjoy Christmas decorations, however, please ensure lights and decorations have been completely removed by **January 31, 2022**.

COVID Vaccine - Third or booster dose

An additional dose, originally called a third dose, is given to people with moderately or severely compromised immune systems to improve their response to the initial vaccine series.

For more information check: www.regionofwaterloo.ca

Thank you!

We want to thank those tenants who have gone the extra mile to respect others during this difficult time of COVID. M. Schiketanz Real Estate recognizes what great superintendents and tenants we have in our buildings. Thank you for putting others first!
